

The radio station K-LOVE provides me with an opportunity to hear my favorite music in my area. There are a lot of varying musical genres out there, but K-LOVE is of the rare type that plays the Christian music I love to hear. If K-LOVE was displaced by other programming, the local community would be deprived of the opportunity to hear great Christian music, as well as the opportunity to help spread the gospel of Jesus Christ. We have a right to listen to what we want, don't deprive us of that right. K-LOVE serves the public interest because it is listener supported, meaning those who listen have a direct interest in what they are listening to. I support K-LOVE, and would be hard-pressed to find anything on the radio so uplifting and inspiring than worshiping with fellow Christians on the radio. Don't do it FCC!!!
